

Dear MedTech Members:

I am writing to solicit your input regarding the nomination of Directors for the coming year. Each year, we reach out to the community of MedTech members for suggestions of nominees who you think would contribute best to the Board and to MedTech. All members with an interest in and dedication to MedTech's mission are eligible. We welcome self nominations, as well as suggestions for potential candidates to the Board. The success of MedTech is dependent upon the strength of its Board of Directors.

If you are nominating yourself, please fill out the information below and send it back with your resume. If you are nominating someone else, please provide their e-mail contact information (if available) or other contact information, and we will contact that person and ask them to complete the nomination form.
